Jordan - Tamara Holidays

Jordan is a truly alive, peaceful and fascinating land with a positive energy that bears witness to millenniums of history, where the remnants of the past are teemed not only with its jam-packed ventures, unique historical and religious sights and out-of-this-world experiences, but in the spirit of its generous, overwhelmingly warm and friendly people famed for their inherent hospitality.

Get an authentic, vibrant and memorable experience while walking along the streets of the old city of Amman with its bustling and hustling market. Find a moment of utter contentment whereas floating in the water of Dead Sea with its healing salts and minerals. Escape from reality in thermal and mineral hot water springs with its awesome beauty.

Traipse around the massive ancient city of jaw-dropping Petra, the symbol of Jordan, prominent for its sheer size, impressive grandeur and archaeological findings. Listen to the silence of the nature while gazing the desert landscape of a massive rose-red sprawling and stunning valley Wadi Rum, drink a tea with the local Bedouins who take you on a journey into their world and get lost in your own thoughts sleeping under the stars at the Bedouin Camp. Dive to the depths of the Red Sea with its colourful aquatic life, coral gardens and brilliantly coloured fishes.
