

Kenya – Wildlife Trails Ltd

Kenya Wildlife Trails Ltd.

Welcome to Kenya Wildlife Trails. We have been in the business of arranging the best Safari Experiences for the last 25 years and the fact that we are still in business, and growing, tells volumes. We have vast experience in organising tours in Kenya, Tanzania, Zimbabwe and the Seychelles. Whether you want to see the Big Five at the Masai Mara, or you want to see the amazing Wildebeest Migration, ours is a name you can trust for that - *Experience of a Lifetime!* We arrange for Safaris by Road, Fly-In Safaris, Marine Safaris and Hotel Bookings and Lodge Bookings in Kenya, Tanzania, Zimbabwe and the Seychelles.

We have all the required certification to arrange for safaris in East Africa. We are also members of international Travel Associations such as Kenya Association of Tour Operators (KATO), Society of Incentive Travel Executive (SITE), Mombasa and Coast Tourist Association (MCTA), American Society of Travel Agents (ASTA) and International Society of Meeting Planners (ISMP), among others. We have also attended many local and international tourism fairs and conferences all around the world in order to clearly understand the needs and expectations of different people from different backgrounds. We can thus confidently say that whatever your need, we will tailor a safari that will leave you more than satisfied. As a policy, our staff usually do more than is expected of them when it comes to handling of customers.

Kenya – Wildlife Trails Ltd

Kenya Wildlife Trails was established in 1985 and has since made a definitive mark on the Kenya Tourist Industry. We cater for all group and individual travellers.

We aim to provide the safari of a lifetime and we also frequently cater for those whose one-time experience just wasn't enough, who keep returning for more. Today we are poised to cater for the challenges on the horizons of the 21st Century and beyond.

No other country on earth can offer the visitor as much to see and do as Kenya. Within the borders of a single country, you will find savannahs rich with big game, timeless cultures unchanged by the modern world, pristine beaches and coral reef, equatorial forests and mighty snow-capped mountains, searing deserts and cool highland retreats and endless opportunities for adventure, discovery, relaxation; more than you would ever expect.

Lying just south of the equator, Tanzania is East Africa's largest country, and an immensely rewarding place to visit. Tanzania has the world-famous attractions; the plains of the Serengeti, Ngorongoro Crater, snow capped Mount Kilimanjaro (Africa's highest mountain) and Zanzibar, with its idyllic palm-fringed beaches and historic Stone Town. Yet there's a whole lot more to Tanzania than these obvious highlights
