# Sri Lanka - Ceylon Tours

Sri Lanka having a history as long as many ancient civilizations, positioned at the crossroad of the East and the West with its multicultural society, celebrates a wide variety of festivals, ceremonies and events. It is home to six world heritage sites: Galle, Kandy, Sigiriya, Anuradhapura, Polonnaruwa, and Dambulla cave temple.

The south-west monsoon brings rain to the western, southern and central regions from May to July, while the north-eastern monsoon occurs in the north and east in December and January. The weather is finest in the coastal regions and hill country of the south-west from October to March.

Whether you want to Scuba dive in exotic ocean waters, treat your body to the revitalizing powers of ayurveda, or sun bathe on palm fringed beaches Sri Lanka is the place to be. It is a land of cloud draped mountains surrounded by miles of sun kissed beaches. A land of torch lit processions on full-moon nights. It is a land with a heritage that is over 2 millennia old and a land with the hospitality of warm, friendly people.
