

Peru, Bolivia & Galapagos – Aracari

For bespoke trips ARACARI is ideally positioned for working with outbound agencies. With offices incorporated in Lima and Cusco, we specialise in designing imaginative itineraries that cover Peru, Bolivia and the Galapagos Islands in their entirety, an area we have been thoroughly exploring over the last 15 years.

ARACARI prides itself in detailed and punctual responses to a variety of different client requests and in executing the ideal travel plans for guests for often very specific requirements. The company's highly trained team of travel planners are experts in designing personalised itineraries for clients with all manner of different interests.

Partner agencies can expect fluid and efficient communications with ARACARI; the team works with travel companies from across the world on a constant basis to ensure that clients are well looked after, and to give timely and useful feedback on the experience of guests. When required, last minute changes are also an ARACARI forte.

Company Profile

Accredited by Conde Nast Traveler Magazine as one of Peru's "Top Travel Specialists" for three years running and on Travel + Leisure's A-List in 2010 and 2011, Marisol Mosquera has built a reputation for her unique approach to travel in Peru and South America since she founded ARACARI in 1996.

Her endeavour over the last 15 years has been unprecedented in that she has cast a discerning eye over the region's highlights, attractions and accommodation while forging a network of prominent historians, archaeologists, artists and dignitaries in the cities and destinations that are of interest to travellers.

In ARACARI's 16th anniversary year, Marisol and her Lima-based team of twelve people utilise this specialist expertise to make unique experiences available to our clientele, offering an authentic glance into history, art and culture that would otherwise be simply unobtainable.
